Task one

Write a blog about a visit to the Egyptian museum.

My trip to the Egyptian Museum was lovely! The artifacts were fascinating. They are made of granite and metal. The gold jewelry sparkled, and the tour guide shared exciting stories about each piece. I couldn't believe the beauty of Tutankhamen's gold treasures! The museum is a fantastic place to learn about ancient Egypt, and I left with a group of my friends after having lunch. We spent nice time there. It was really a beautiful day. What about you?

1st, April, 2024

Today I went to the beach with my family. The sun was shining, and it was warm. We played in the sand, built sandcastles, and had fun in the water. I found pretty shells and saw beautiful birds there. We had a picnic with tasty snacks. The waves sounded nice, and the sun made everything bright. It was the best day at the beach.

Task six

Write a paragraph about animal habitats?

Find out:

- which animals live there
- which plants live there
- what problems this habitat has
- how we can help it

Animal habitats are special places where different kinds of animals and plants live. In the forest, you can discover bears, squirrels, and birds, while trees and flowers are their neighbors. Some habitats, like oceans, are homes to dolphins and fish. Sadly, many habitats face problems like pollution and deforestation. We can help by picking up trash, not cutting down too many trees, and being kind to nature. When we take care of animal habitats, we make sure that all the creatures and plants can live happily and safely in their homes.

Iron was a special metal in Ancient Egypt. It wasn't only durable, but it was also very rare and valuable. Ancient Egyptians started using iron more than 5,000 years ago. Before it, they worked with copper and bronze. The early iron that Ancient Egyptians used came from a meteorite. That's why Ancient Egyptians called it "the metal of heaven". As it was more precious and rarer than gold, Ancient Egyptians used it to make small items like jewelry. Later on, around 3,000 years ago, iron agricultural tools and weapons began to appear.

Famous proverbs

All people like proverbs. They use proverbs when they speak to make their talk stronger. Write about proverbs you know and what they mean.

My name is Lama. I'm in grade six. I love reading very much. Yesterday, I read a book about proverbs. It was very interesting. Proverbs usually have another meaning as well as its exact meaning. For example, this proverb, "Birds of a feather flock together" means that similar people like doing the same things. But it mentions feathers to show that they are all similar in something. Another proverb is "Singing birds don't build nests". It means that the person who talks a lot doesn't have time to do his work.
